

Section V — Reactivity Data

Stability	Unstable		Conditions to Avoid
	Stable	X	Do Not store in excessive heat.

Incompatibility (Materials to Avoid)

Hazardous Decomposition or Byproducts Ammonia fumes

Hazardous Polymerization	May Occur		Conditions to Avoid
	Will Not Occur	X	

Section VI — Health Hazard Data

Route(s) of Entry: Inhalation? Skin? Ingestion -
 X X X

Health Hazards (Acute and Chronic)

Carcinogenicity: N/A NTP? IARC Monographs? OSHA Regulated?

Signs and Symptoms of Exposure

Burning sensation may occur if product comes in contact with eyes.

Medical Conditions

Generally Aggravated by Exposure N/A

Emergency and First Aid Procedures

If product comes in contact with skin or eyes flush with water (15 minutes recommended) Consult a physician. May be harmful if swallowed consult a physician immediately. If product comes in contact with

Section VII — Precautions for Safe Handling and Use

with skin wash with soap and water.

Steps to Be Taken in Case Material is Released or Spilled

Flush with water.

Waste Disposal Method

Dilute with water and dispose via sewage system.

Precautions to Be Taken in Handling and Storing

Product should be stored at room temperature for best stability.

Other Precautions

This product contains sodium bromate. If product comes in contact with clothing remove clothing and wash immediately.

Section VIII — Control Measures

Respiratory Protection (Specify Type)

None

Ventilation	Local Exhaust None	Special None
	Mechanical (General) None	Other

Protective Gloves

Plastic or rubber gloves

Eye Protection Ensure that product does not come in contact with eyes. Cotton coil may be used.

Other Protective Clothing or Equipment

Apron, Smock, or cape should be worn

Work/Hygiene Practices

Ensure that product is not ingested, nor contacts eyes or skin.
